Aculab to co-exhibit with MDLsolutions at IT Expo Conference and EXPO East 2007

Aculab, a leading provider of enabling technology for the global communications market, is excited to announce that it will be co-exhibiting with "Connected with Aculab" partner, MDLsolutions, a provider of custom/turn key telecommunication software solutions, on booth number 1217 at the IT Conference and EXPO East, 23rd-26th January, Fort Lauderdale, USA. Aculab is a Platinum sponsor of this event.

MDL Solutions uses Aculab's Prosody rich media processing technology in its solutions, both the host and DSP-based variants. As a key partner, MDLsolutions works closely with Aculab, using its complimentary products and skills to deliver a complete communications solution. This mutual partnership enables customers to source a complete, scalable solution based on high quality components.

Products to be showcased on the booth include Aculab's acclaimed Prosody X media processing platforms, in PCI, PCIe and cPCI form factors. MDLsolutions will also be showcasing its XerXes NG enhanced SIP media gateway, which integrates Aculab's Prosody X cards.

Speaking on the partnership with MDLsolutions, Chris Gravett, Sales and Marketing Director at Aculab said, "We are delighted that MDLsolutions is co-exhibiting with Aculab - our booth will showcase a variety of outstanding products and services. As a "Connected with Aculab" partner exhibiting alongside us, MDLsolutions will make new contacts and generate sales enquiries, resulting in growth opportunities for all."

"Connected with Aculab" is Aculab's partner programme, providing unique, specialist and proven marketing and technical support for Aculab's valued customers and strategic partners. It aims to help customers adopt Aculab's technologies swiftly and see a rapid return on their investment through taking their solution to market effectively.

Notes to editor

About Aculab
Aculab enables developers and systems integrators to produce a variety of high performance communications solutions. Aculab's portfolio offers an exceptional mix of capabilities that are easy to integrate and bring real value - reduced costs, increased customer satisfaction and competitive advantage. A complete range of open standards building block technologies for use within telco or enterprise environments, as well as essential support services, are offered. Products include media resources, digital network access, VoIP, fax, speech processing and conferencing. Support is available to help developers through each stage of their product's life cycle including pre-sales consultancy, technical support, training and marketing.

Aculab's head office is located in Milton Keynes, UK with offices in the USA, Germany and Australia.
